Do a Puzzle (10-20 Pieces)

task analysis, data sheet & IEP goals

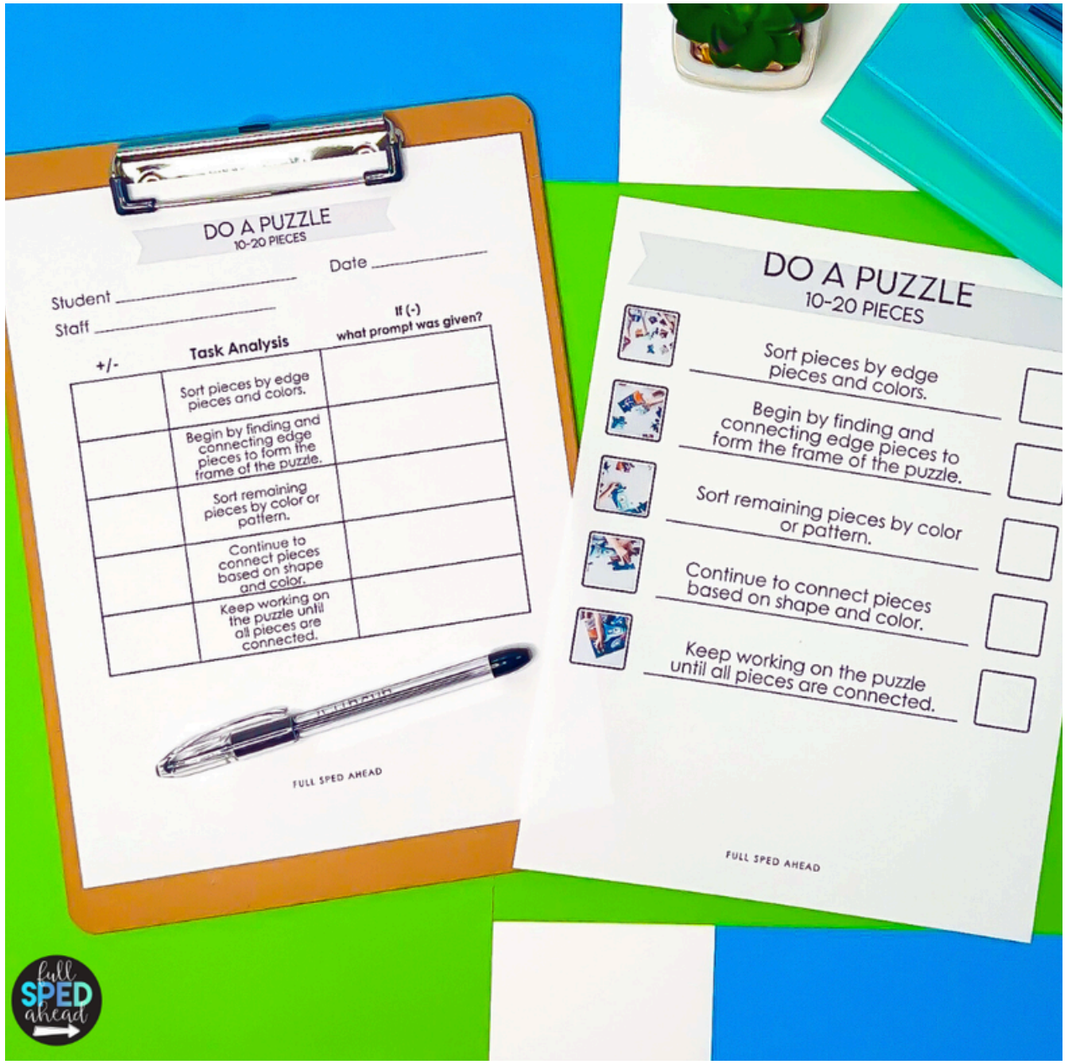

Take a look inside...

Use this in your special education classroom systematically teach the steps of how to complete a 10-20 piece puzzle with task analysis, data sheets and proposed IEP goals.

why?

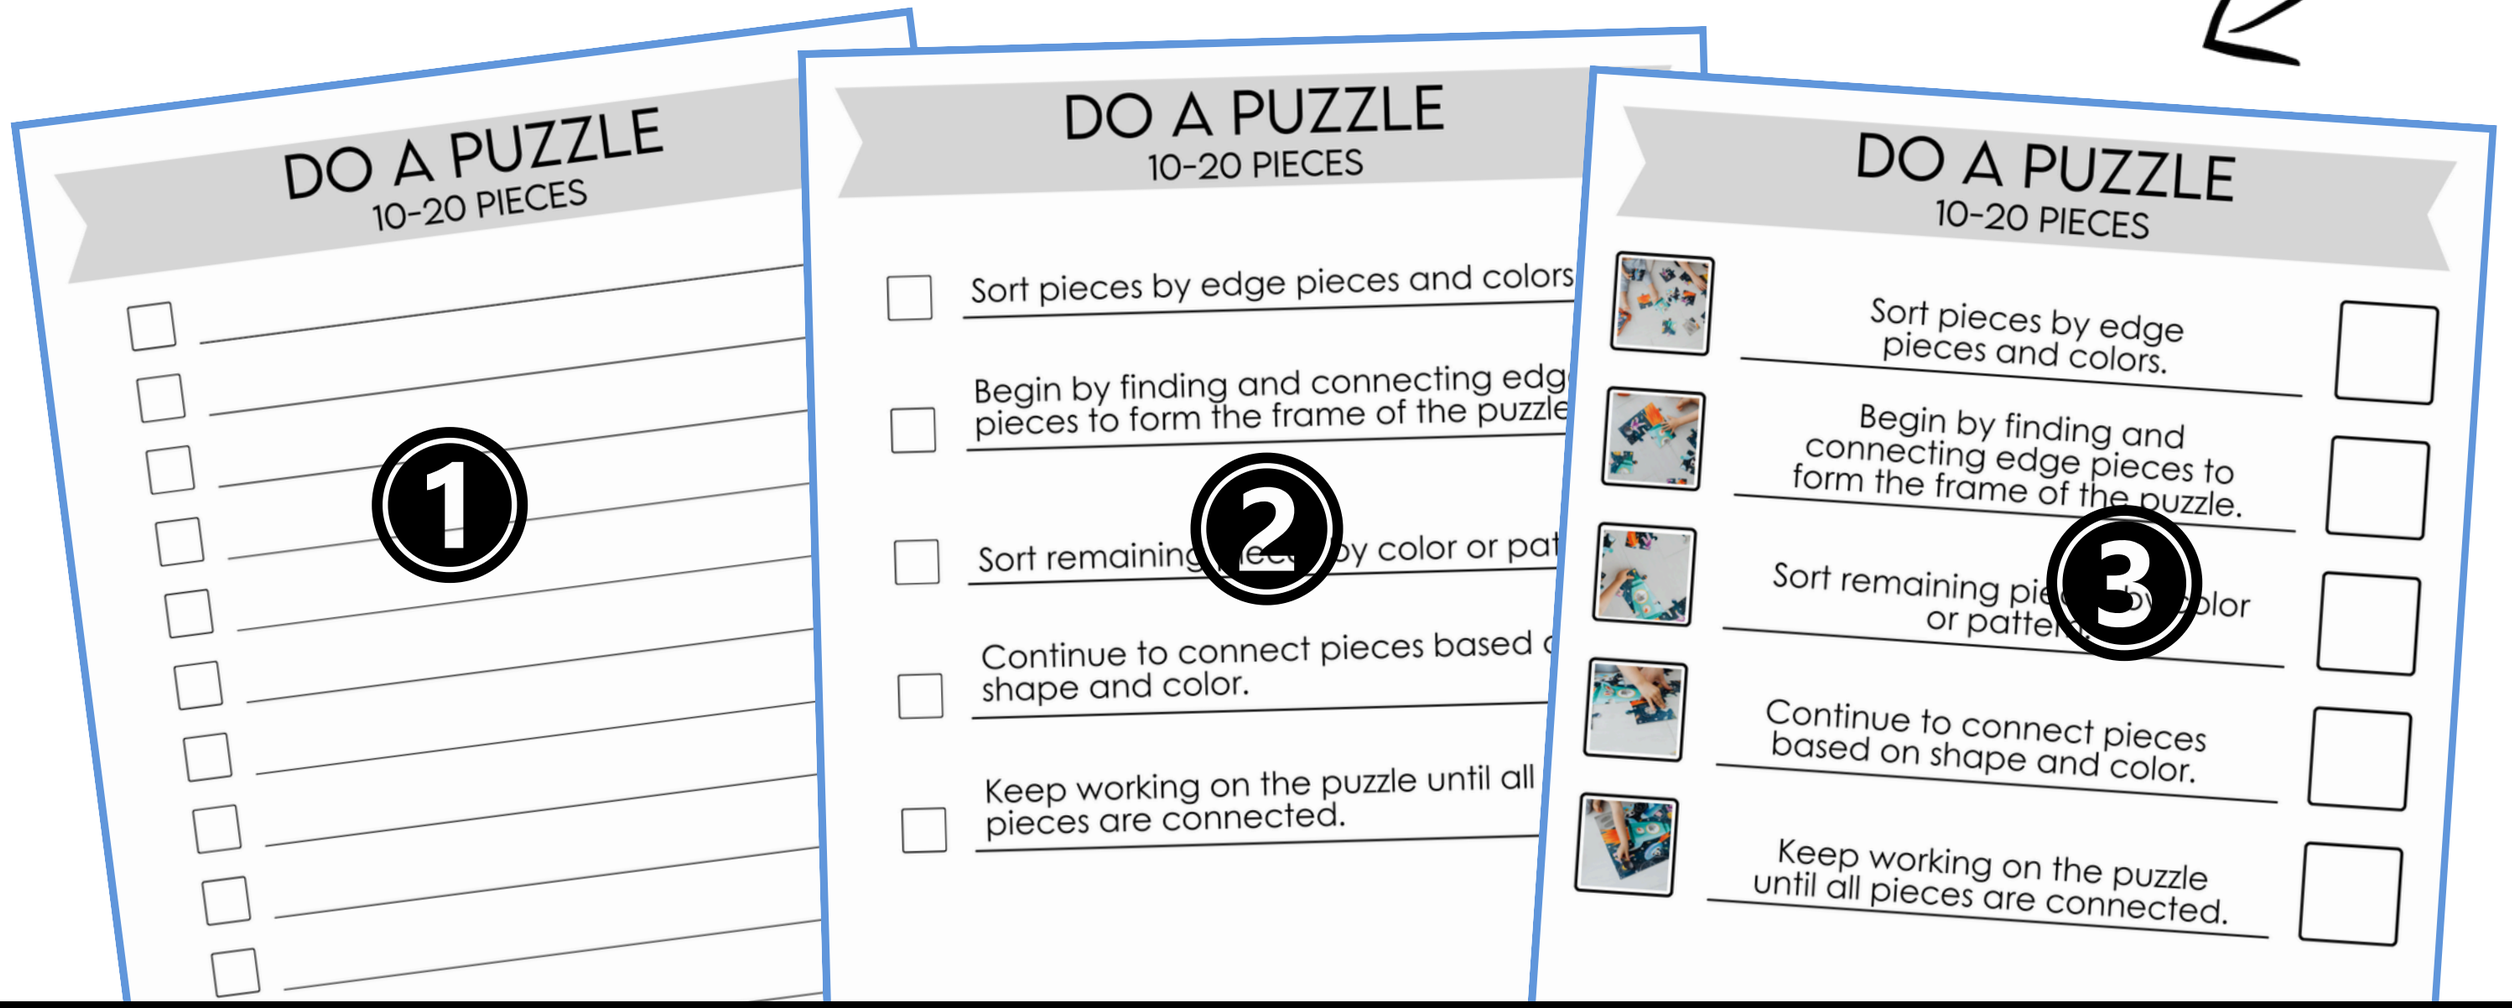

Do A Puzzle Task Analysis

- breaks down complex skills into manageable steps
- learn the small steps to master the overall skill
- supports students who have difficulty with executive functioning skills

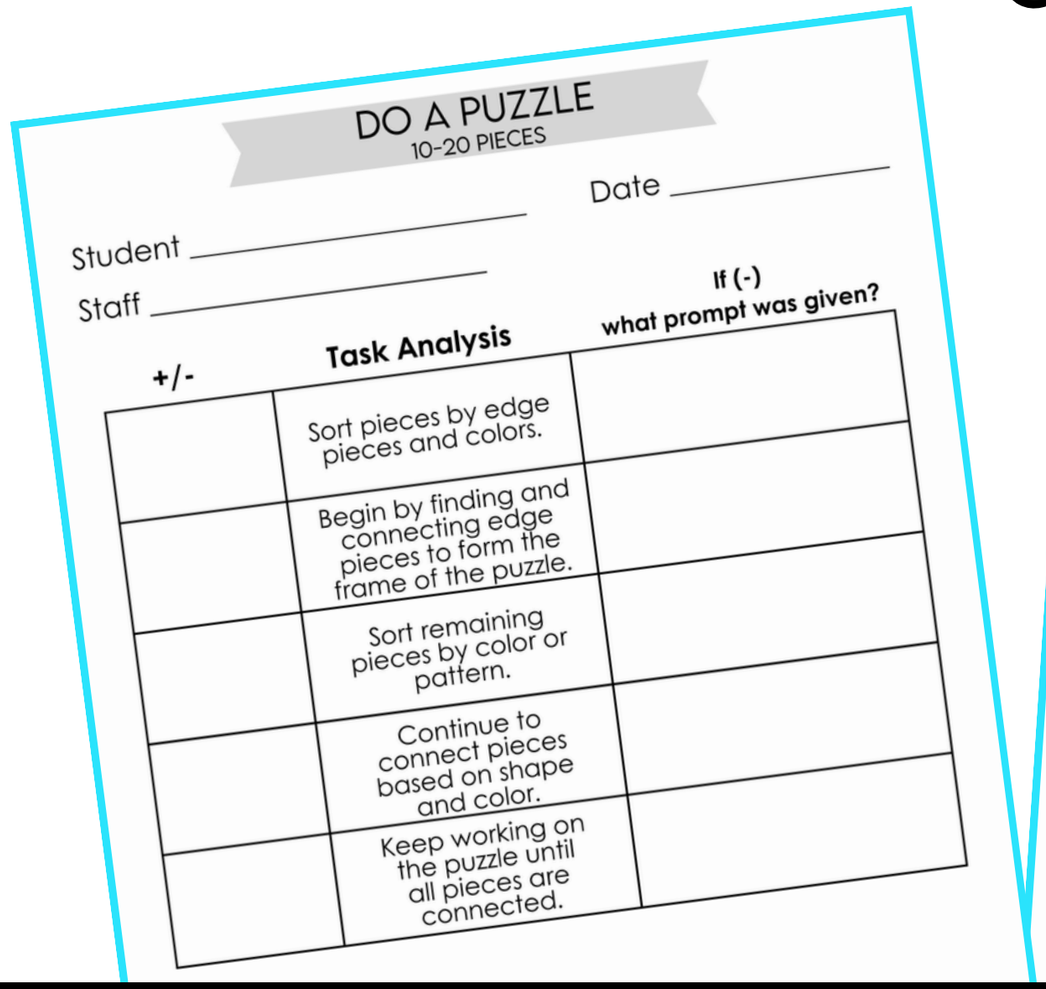

What is included in this resource?

3 LEVELS OF TASK ANALYSIS

What is included in this resource?

data sheet & IEP goal suggestions

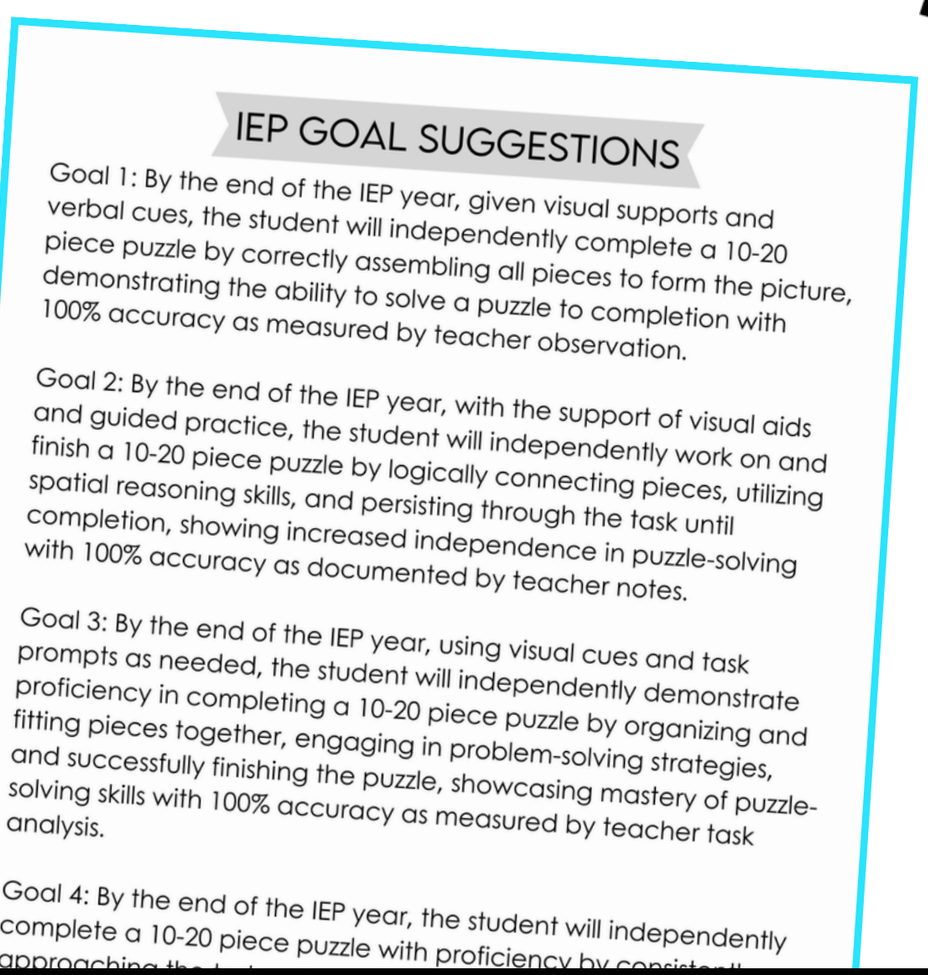

DO A PUZZLE
10-20 PIECES

Student _____ Date _____

Staff _____

+/-	Task Analysis	If (-) what prompt was given?
	Sort pieces by edge pieces and colors.	
	Begin by finding and connecting edge pieces to form the frame of the puzzle.	
	Sort remaining pieces by color or pattern.	
	Continue to connect pieces based on shape and color.	
	Keep working on the puzzle until all pieces are connected.	

IEP GOAL SUGGESTIONS

Goal 1: By the end of the IEP year, given visual supports and verbal cues, the student will independently complete a 10-20 piece puzzle by correctly assembling all pieces to form the picture, demonstrating the ability to solve a puzzle to completion with 100% accuracy as measured by teacher observation.

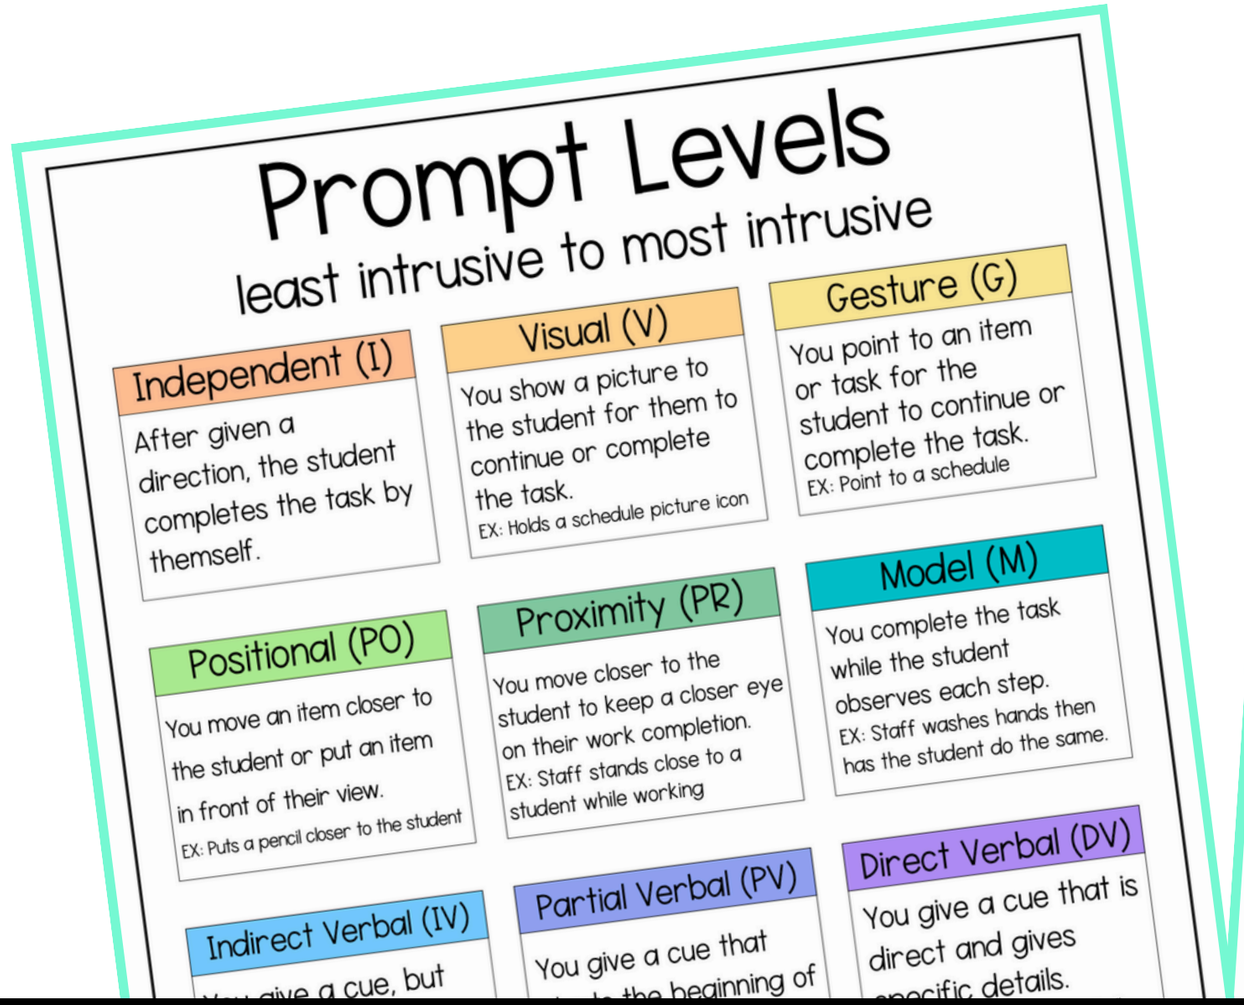

Goal 2: By the end of the IEP year, with the support of visual aids and guided practice, the student will independently work on and finish a 10-20 piece puzzle by logically connecting pieces, utilizing spatial reasoning skills, and persisting through the task until completion, showing increased independence in puzzle-solving with 100% accuracy as documented by teacher notes.

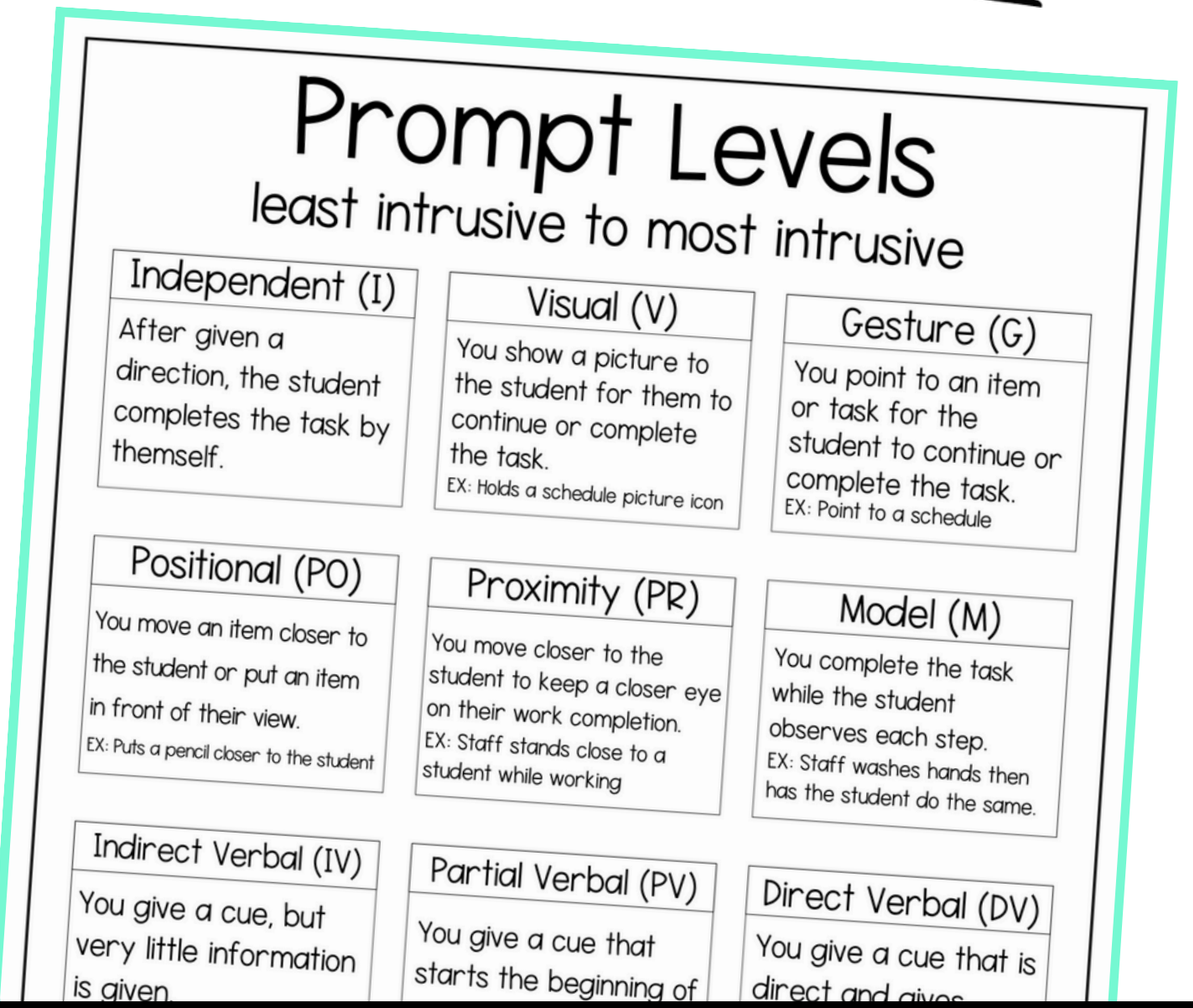

Goal 3: By the end of the IEP year, using visual cues and task prompts as needed, the student will independently demonstrate proficiency in completing a 10-20 piece puzzle by organizing and fitting pieces together, engaging in problem-solving strategies, and successfully finishing the puzzle, showcasing mastery of puzzle-solving skills with 100% accuracy as measured by teacher task analysis.

Goal 4: By the end of the IEP year, the student will independently complete a 10-20 piece puzzle with proficiency by consistent
