IEP GOAL SUGGESTIONS

Goal 1: By the end of the IEP year, given a mirror and visual step-by-step guide, student will independently position a necktie correctly around the neck with 100% accuracy in 4 out of 5 opportunities as measured by teacher observation and task analysis.

Goal 2: By the end of the IEP year, given a modeled demonstration, student will independently complete all steps to tie a basic knot (e.g., Four-in-Hand) with 100% accuracy in 4 out of 5 opportunities as measured by teacher observation and visual outcome.

Goal 3: By the end of the IEP year, given opportunities to practice, student will independently identify and correct common tying errors (e.g., uneven ends, loose knot) with 100% accuracy in 4 out of 5 opportunities as measured by teacher observation and visual outcome.
