IEP GOAL SUGGESTIONS

Goal 1: By the end of the IEP year, given visual supports and verbal prompts, the student will independently fasten and unfasten a snap button on clothing, using bilateral hand coordination and finger dexterity to align and secure the snap, as measured by teacher observation with 100% accuracy.

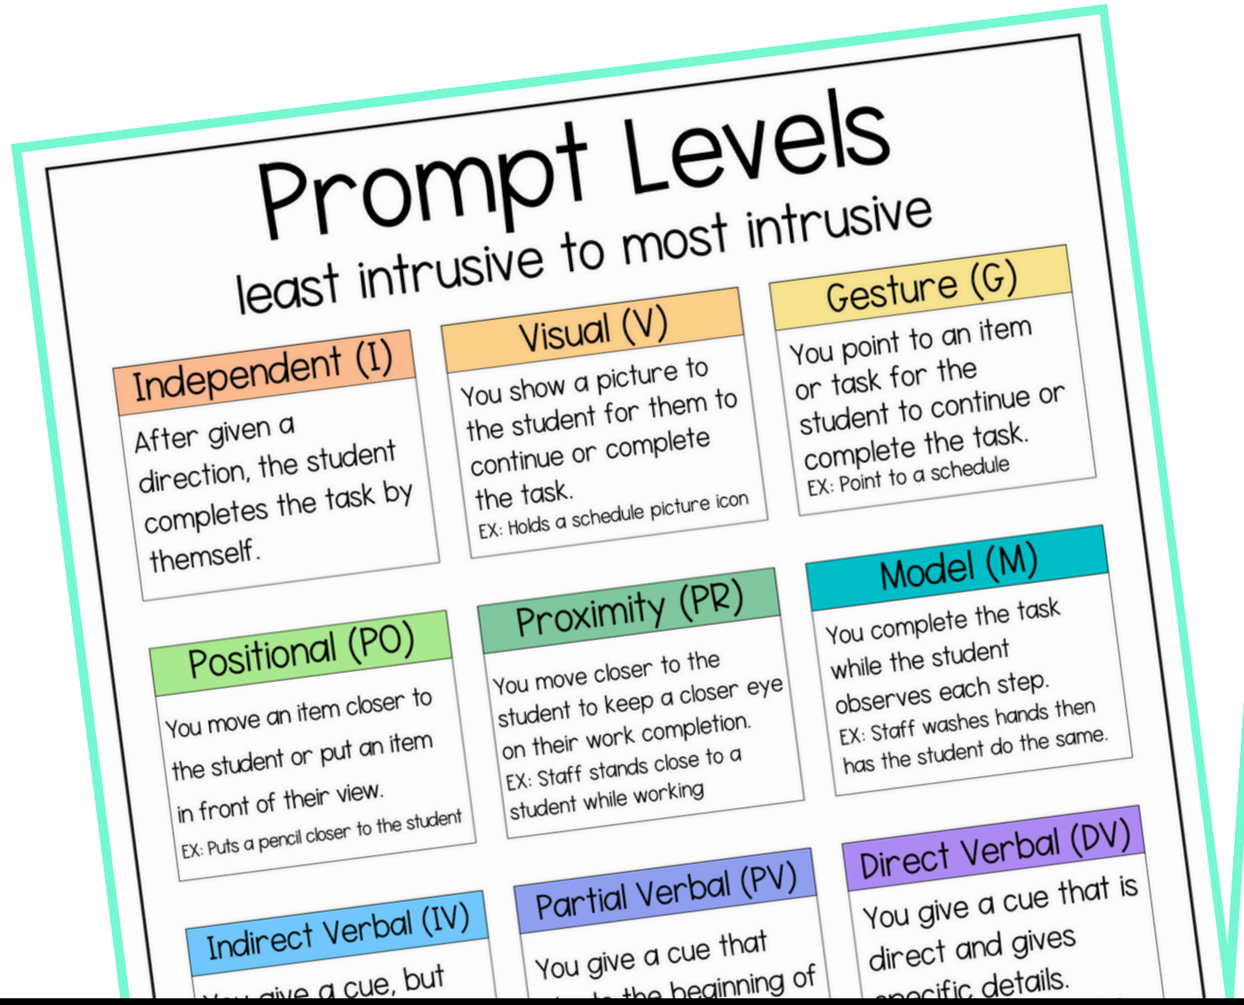

Goal 2: By the end of the IEP year, with the use of a visual schedule and hands-on practice, the student will independently manipulate a snap button, aligning and connecting both sides of the snap securely, and unfasten the snap when needed, as measured by teacher observation with 100% accuracy.

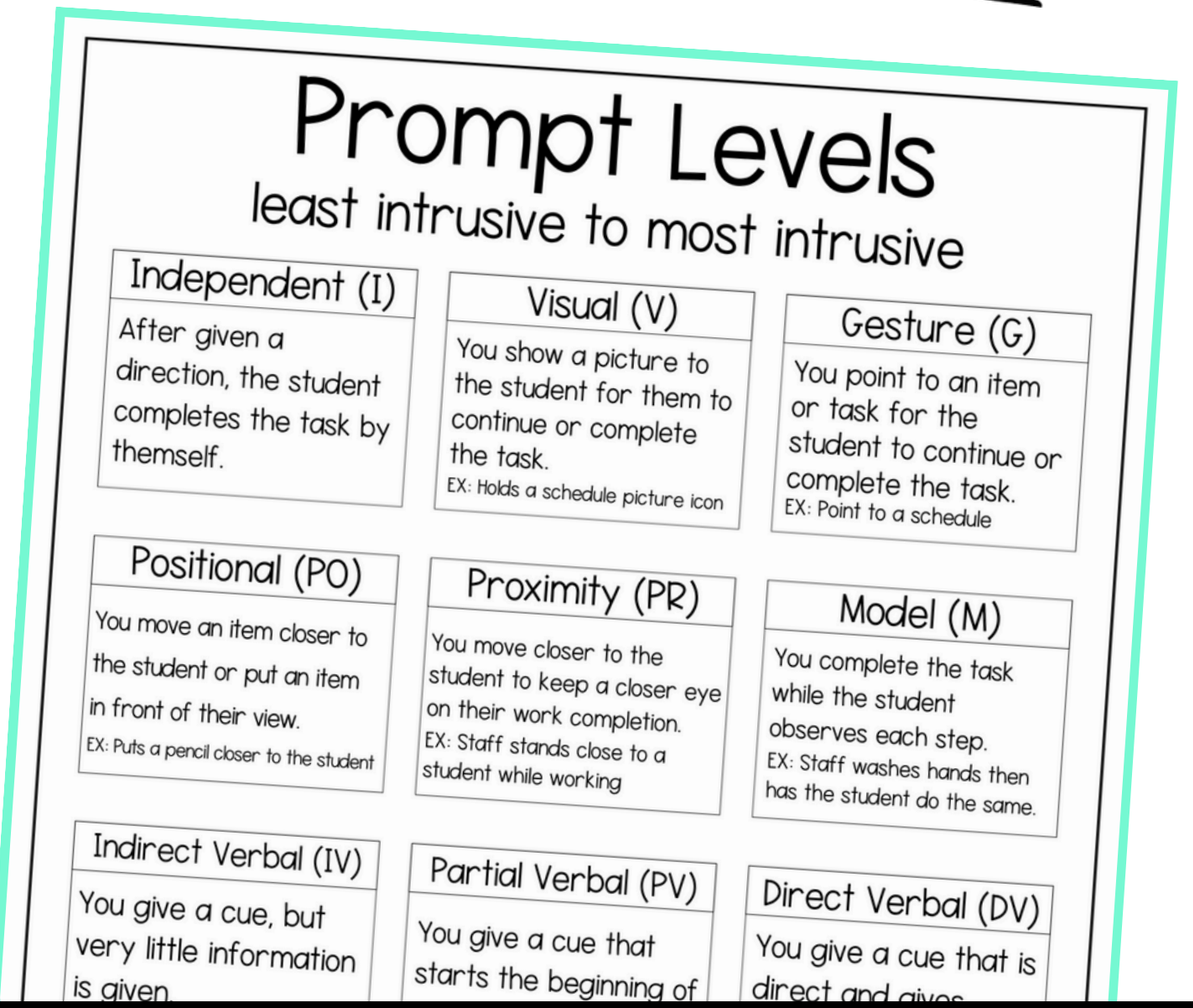

Goal 3: By the end of the IEP year, using a visual prompt sequence and physical guidance as needed, the student will independently follow the steps to fasten and unfasten a snap button, including grasping, aligning, and pressing the snap together, as well as releasing the snap with control, as measured by teacher checklist with 100% accuracy.

Goal 4: By the end of the IEP year, the student will independently demonstrate
